

NORTH HAMPSHIRE INTERNATIONAL TRADE CENTRE

FACT SHEET: Egyptian-British Documentation

Exports to Egypt usually need to be covered by documentation processed through the Egyptian-British Chamber of Commerce in London. This documentation often needs to be legalised by the Egyptian Embassy.

NHCCI, in co-operation with Portsmouth and South East Hampshire Chamber of Commerce & Industry, can attend to all requirements for certification and legalisation.

The documents requiring this processing are mainly Certificates of Origin, Commercial Invoices, Agency and Distribution Agreements, but can include other commercial documents.

Prices vary according to the type of document, and are available on request from this Chamber. The processing time for export documentation for Egypt, is usually 3-5 working days.

Blank Certificate of Origin forms can be purchased from NHCCI's International Trade Centre.
