

NORTH HAMPSHIRE INTERNATIONAL TRADE CENTRE

FACT SHEET: International Trade Seminars

The NHCCI's International Trade Centre, in co-operation with the other providers of international trade services, runs a series of seminars throughout the year on specific export markets and other export-related subjects. These events spotlight individual overseas countries or regions, as well as issues of major importance to international traders, such as the Euro and E-Commerce.

Expert speakers from both the public and private sectors impart their knowledge and experience, and answer questions in open session or on a one-to-one private basis.

The market- focused events highlight trade opportunities, and provide an overview of current social, economic and political conditions in the country or region.

These seminars are held throughout Hampshire, and details of future events, and the cost of attending, can be obtained on request.

For further information, contact the International Trade Centre on tel: 01256 352275, fax: 01256 479391, e-mail: internationaltrade@nhcci.co.uk
